Unofficial FERC-Generated PDF of 20060209-0341 Received by FERC OSEC 02/07/2006 in Docket#: CP06-54-000

C[illegible]AL PF05-6-000

A liquified natural gas facility does not belong in Long Island Sound.

A LNG facility endangers the health and safety of Long Island Sound and should not be built.

It limits public access and sets a dangerous precedent of industrializing the Sound.

Please respond in writing informing your position. Thank you
