Dear Sir

I want to appeal a decision made by ADEM and Core of Engineers on a after the fact permit application # AL02-01214-L-AF/COE-02-026 that was denied.

I have a lot of information showing I was told I could do this project.

If possible I would like to waive your fee of $200.00 due to hardship in the last few months. I had two heart attacks two open heart surgries, two stents at different time over the last year, plus numerous other health problems. If necessary I could mail you hospital & doctor bills

Sincerely
Eugene A Wompee
