Re: Foothill Transportation Corridor-South (FTC-S), Orange County

Dear Mark:

On behalf of the entire Foothill Transportation Corridor-South (FTC-S) team, I am forwarding a hard copy of the Final Environmental Impact Report, including Appendices, and supporting Technical Reports (along with CDs), for the FTC-S project, certified February 23, 2006, by the Board of Directors of the Transportation Corridor Agency. This has been an intense, multi-year effort, and I am sure you will appreciate the work that has gone into it.

We all know there is much left to be done. Once you have had a chance to glance through this material, we are most anxious to gather your and our professional teams to identify the coastal issues and resolutions, so to smooth the way for ultimate submittal of the FHWA's Consistency Determination, and concomitantly, the TCA's coastal development permit application.

Please direct any questions for additional information to me (858/793-6020) or to Macie Cleary-Milan at the TCA (949/754-3483). We hope for an initial meeting with you at your office in late March or April. Please suggest a date that works for you.

Sincerely,

Nancy A. Lucast

encls FEIR and Appendices (including CD set of same)
20 Technical Reports (including CDs of each)

Hello Mark,

Previously, we had sent to you hard copies of the *Final EIR* for Foothill South. We are now sending the *Technical Reports*, which you also requested in hard copy.

Please let us know if we can be of further help.

Regards,

Macie Cleary-Milan and Maria Levario
