To Whom It May Concern:

FEDERAL ENERGY  
REGULATORY COMMISSION

I am writing to inform you that as a person who grew up on Long Island I feel strongly about protecting this beautiful island from Broadwater. Broadwater is too costly, risky and not needed in the Sound. The constant armed private security disrupts the peaceful tranquil waters of the Sound. This facility would limit public access and sets a dangerous precedent of industrializing the Sound. The economy of Long Island would be destroyed. Please help us protect our environment and keep a healthy community.

Sincerely,

Paul Shamul
