FEDERAL ENERGY
REGULATORY COMMISSION

CP06-54-000

Dear Magalie R. Salas,

I am writing to you regarding the proposed Broadwater Liquid Natural Gas Terminal. It is far too costly and dangerous to build such a useless terminal. The Long Island Sound is a peaceful area that should not be disrupted by the constant-armed security who would limit the public's access and enjoyment of the aforementioned waters. The construction of the LNG barge would also set a dangerous precedent of industrializing the Sound, therefore acting as a catalyst to begin the destruction of yet another natural resource.

Sincerely,

Marissa Maas
