

Federal Energy Regulatory Commission

CP06-54-000

ORIGINAL

IT IS WITH RESPECT THAT WE ADDRESS THE ISSUE OF BROADWATER SAFETY.

THE IMPACT ON THE LONG ISLAND SOUND IF BROADWATER IS ALLOWED TO PROCEED WOULD BE MONUMENTAL TO THE ENVIRONMENT OF THE LONG ISLAND WATERS AND ITS SURROUNDING COMMUNITIES.

NOT ONLY WOULD IT BE COSTLY, BUT THERE ARE MANY UNKNOWN FACTORS WHICH COULD COME INTO PLAY IN THE FUTURE. WE DO NOT HAVE ENOUGH DATA TO DETERMINE IF THE PROJECT WOULD CAUSE DAMAGE TO THE WILDLIFE, CAUSE HARMFUL EMISSIONS IN THE EVENT OF ANY ACCIDENTS AND THE GENERAL SAFETY TO ALL IS AT RISK.

PLEASE KEEP LONG ISLAND SAFE AND DO NOT LET THE BROADWATER PROJECT PROCEED.

NEEDLESS TO SAY, LONG ISLAND TAXPAYERS HAVE ENOUGH OF A FINANCIAL BURDEN WITHOUT ADDING ANY MORE UNNECESSARY SPENDING. ULTIMATLEY, THE OIL COMPANIES CONTINUE TO PROFIT AND THE CITIZENS CONTINUE TO PAY.

THANK YOU FOR KEEPING OUR HEALTH, SAFETY AND WELLBEING IN MIND WHEN MAKING IMPORTANT DECISIONS ON OUR BEHALF.
