FILED
OFFICE OF THE
SECRETARY

Dear Madam,

It has come to my attention that a Liquefied Natural Gas terminal could be placed in the middle of the Long Island Sound unless we take action. There are a number of reasons why this is a bad idea. I am writing for your help in the matter. Broadwater will conflict with the current uses of Long Island Sound and should not be built. The future of Long Island and our waterways is in your hands.

Sincerely,

Elizabeth Carstens
