REGULATORY COMMISSION

To Whom it may concern,

My wife asked me to write this letter to inform you that we are extremely disturbed by the fact that the Long Island Sound maybe used for the site of a costly and risky LNG barge. The L.I. Sound will be ruined forever by private armed security forces surrounding the barge. Broadwater is too costly, risky and not needed in the Sound. This facility limits public access and sets dangerous precedent of industrializing the Sound. Please put a stop to this obscene structure in our waters.

Sincerely,

Anthony Crespo
