FEDERAL ENERGY
REGULATORY COMMISSION

Dear Ms. Sales,

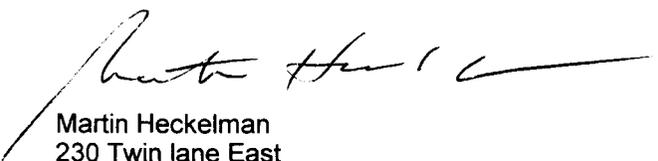

I'm writing this on my behalf and on the behalf of four adults that live here.

I am opposed to the 'Broadwater' project.

The Long Island sound has been an unspoilt body of water which has been used by Long Islanders and Connecticut residents for recreational purposes for a very long time. Let's keep it this way.

This project is expensive, intrusive and unnecessary. In addition to the fact that is is an eyesore, it limits public access to the LI Sound and sets a dangerous precedent for the industrialization of this wonderful waterway.

Please do not give it your approval.

Martin Heckelman
