Att: Magalie R. Salas

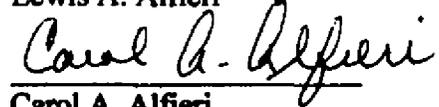

I am writing you this letter to protest Broadwater.....Shell Oil and TransCanada's proposal to place a Liquefied Natural Gas terminal in the middle of Long Island Sound.

We already are paying way too much in taxes on Long Island and Broadwater is not only too costly but involves a risk which is not needed in Long Island Sound. The security needed to protect this venture will cost us taxpayers on Long Island and will take away from the peaceful waters on the Sound.

Please respond to this letter in writing telling us of your position regarding this matter.

Sincerely yours,

Lewis A. Alfieri
