Magalie R. Salas, CP06-54-000

I would like to address all of my problems with Broadwater for you. I think that it is too costly for us long islanders, too risky, and honestly, unnecessary in the Sound. The constant armed private security will disrupt the peaceful and tranquil waters of our Sound. This facility will limit most public access. It is just all together a bad idea. I know that most long islanders see this as a major problem, and still, we will be the ones paying for it through our already high taxes. There are so many dangerous risks involved and it sets a dangerous precedent of industrializing the sound. I do not want to see this happen. If you could, I would like you to respond in writing and inform me of your position on this matter.
