ORIGINAL

To Whom It May Concern,

I am writing this letter to bring to your attention the Broadwater Liquid Natural Gas terminal proposed for the middle of the Long Island Sound. I have been a resident of Long Island all of my life. I chose to remain on Long Island because of all the beauty and tranquil surrounds of the area. This LNG terminal will disrupt the beauty of my hometown.

FILED IN THE OFFICE OF THE SECRETARY OF THE NYS DEPARTMENT OF ENERGY & ENVIRONMENT
A 9 41
ADMISSION

Broadwater would be too costly, too risky, and is not needed in Long Island Sound. This facility is an inappropriate use of the estuary. Our tranquil, calm waters of the Sound would be forever disrupted by the constant presence of armed private security forces surrounding the barge.

The Long Island Sound does not need a costly, risky, LNG barge. The tranquil LIS would be forever ruined by private armed security forces surrounding the barge.

Please help my children and future residence of this beautiful area enjoy Long Island as we know it. Please do not let them industrialize our waters.

Sincerely,

Rosemary Troise
