Dear Commissioner:

I am writing you this letter to tell you that Long Island does not need a costly, risky, LNG barge in its Long Island Sound. The tranquil Sound would be forever ruined by private security forces surrounding the barge. It sets a dangerous precedent of industrializing the Sound. It would also severely interfere with the recreational and commercial fishing and boating that takes place.

Please inform me of your position on this matter and let me know what progress is being made on this issue. Thank you very much.

Sincerely,
Mrs. Gail Smiley Heppen
