Dear Magalie Salas,

I have been a Long Island resident for almost 4 decades. During this time I have enjoyed being able to visit the North Shore beaches of Long Island. The Broadwater Liquid natural Gas project would destroy the beauty of the north shore. It would also disrupt boaters in their travels and cause a potential security danger to all long Islanders.

I hope as my elected official, I can count on you to do everything in your power to ensure that this project never comes to fruition.

Sincerely,

Craig L. Unkenholz
