06 November 2006,

To whom it may concern,

I would like to express our concern about the Broad water Project and Requesting Your valuable time and appropriate action to this important matter.

Broadwater would be too costly, too risky, and is not needed in Long Island Sound. This facility is an inappropriate use of the estuary. Our tranquil, calm waters of the Sound would be forever disrupted by the constant presence of armed private security forces surrounding the barge.

Your Help is greatly appreciated, THANK YOU..and GOD BLESS AMERICA.

Sincerely,

Shinoj Thomas
