

ORIGINAL 11/3/06

CP06-54

Dear Magalie R. Salas,

I am writing you today to tell you that the Long Island Sound is not the place for a Natural Gas Terminal, I oppose the building of of Broadwater. There are substantial risk associated with placing this gigantic facility in the sound. Long Island Sound does not need a costly, risky,LNG barge. The tranquil LIS woud be forever ruined by private armed security forces surrounding the barge and the peaceful water of the LIS would be forever changed. We do not want the LIS to become industrialized.

Sincerely,

*Donna Kolokathis*
