Long Island Sound LNG Barge

Magalie Salas  
Federal Energy Regulatory Commission  
888 First St., N.E., Rm. 1A  
Washington D.C., 20426

Dear Ms. Salas,

I am opposed to the proposed Broadwater facility. My family enjoys many outdoor activities across Long Island. This project will disturb the tranquility and pose a potential health and environmental threat. As a taxpayer, I am concerned about the cost of the implementation, security and maintenance of this facility, which inevitably will fall at least partially upon local citizens. Finally, this project limits public access to the Sound and sets a dangerous precedent of industrializing the Sound in particular and waterways in general.

Thank you for considering my concerns. I look forward to hearing from you concerning your position on this issue and keeping me informed of any changes to the proposal.

Sincerely,

Stephanie M. Dahlquist
