March 4, 2006

Magalie R. Salas  
Federal Energy Regulatory Commission  
888 First St, N.E., Rm 1A  
Washington, D.C. 20426

Dear Ms. Salas:

We, the undersigned strongly oppose the Liquefied Natural Gas Floating Storage and Regasification Facility ("LNG Facility") proposed by Broadwater Energy LLC ("Broadwater"), (Docket Nos. CP06-54-000, CP06-55-000, CP06-56-000) to be located in the Long Island Sound. Broadwater's proposed LNG Facility poses significant health, safety and environmental issues that cannot be sufficiently mitigated. In addition, Broadwater has failed to identify any compelling local or regional need for this LNG Facility that would justify its harmful impact on the environmental, economic, historical and recreational value of the Long Island Sound. See the March 2, 2006 report by Synapse Energy Economics entitled "The Propose Broadwater LNG Import Terminal - An Analysis and Assessment of Alternatives."

For the reasons stated above, we the undersigned, strongly oppose Broadwater's proposed LNG Facility.
