

## ANNEX 2

CC MONWEALTH OF PUERTO RICO  
OFFICE OF THE GOVERNOR  
Environmental Quality Board

April 6, 2001

Mr. Gustavo Adolfo Rodríguez, Principal  
Environmental Permitting, Inc.  
P.O. Box 362893  
San Juan, P. R. 00936-2893

Re: Notice of Deficiency  
Joint Permit Application (#179)  
*Expansión de Marina Comercial Privada*  
*Playa Sardinera*  
*Fajardo, P. R.*

Dear Mr. Rodríguez:

Your Joint Permit Application (JPA) has been reviewed for completeness and has been found to be incomplete with respect to the action that the Environmental Quality Board (EQB) must take.

The information listed in the Attachment is necessary and must be submitted to the undersigned in order to proceed with the issuance of the corresponding Water Quality Certificate (WQC) if the Corps of Engineers (COE) determines that the referenced activity requires a WQC.

As soon as you submit the information required in the Attachment, you will be notified that your application is complete and the EQB will proceed with the evaluation of the JPA in order to issue the corresponding WQC, if the COE determines that a WQC is required for the referenced activity. If you do not submit the required information, the EQB will not issue the corresponding WQC required to obtain the COE's permit.

If you have any questions on this matter, please contact Eng. Regis Martínez, Chief of the Non-Industrial Permit Section, at 767-8181 ext. 2523.

Sincerely yours,

*Wanda C. García Hernández*  
Wanda García Hernández  
Director  
Permits and Compliance Branch  
Water Quality Area

## ATTACHMENT

- 1. Type of Permit or Certification Requested.
- 2. Type of activity for which you are applying.
- 3. Applicant's Name and/or Address ( Name  Address).
- 4. Agent's Name and/or Address ( Name  Address).
- 5. Name of Waterway at work site.
- 6. Project's Name and/or Address ( Name  Address  Coordinates).
- 7. Names, address and zip codes of property owners whose property directly adjoins the project.

Plan view showing the owner's names and adjoining property lines.

- 9. Proposed Use.
- 10. Description of work.
- 11. Total Extent of work in USACE Jurisdictional Open Waters or Wetlands.
- 12. Zoning of the project site.
- 13. Current land use of the project site.
- 14. Current floodzone classification of the project site.
- 15. Proponent Agency with respect to compliance with Article 4(C) Law #9 of June 18, 1970.
- 16. Evidence of Compliance with Article 4(C).

Note: If the Department of Natural and Environmental Resources (DNER) will be the proponent agency, and the applicant submitted the environmental evaluation document with this Joint Permit Application (JPA), the Water Quality Area (WQA) of EQB will submit this document to the Scientific Assessment Area of EQB just for their information. In order to comply with Article 4C, the DNER shall follow the procedure and comply with the requirements established in the applicable Regulation (Reglamento de la Junta de Calidad Ambiental para el Proceso de Presentación, Evaluación y Trámite de Documentos Ambientales). The WQA will consider the JPA incomplete until the determination of compliance with Article 4C is obtained and evidence of it is submitted to the WQA.

- 17. Natural or artificial systems located within the proposed project site or in the sites adjacent to the project ( Identification  Location  Description).
- 18. Signature of Applicant/Agent.
- 19. The application form submitted is not the official form approved by the participating agencies.
